

This information is for counseling purpose only. These support materials serve as learning modules for individuals who must pass an entrance examination to meet the minimum educational requirements for entry into an Alberta registered apprenticeship program. The content of these support materials is based on the Entrance Level Competencies for Apprenticeship Programs, applicable to both Northwest Territories and Alberta. There are five entrance examinations, one for each cluster of trades. Support materials are grouped into math, science and reading comprehension for each entrance examination. These support materials may be purchased from:
